Education

UNIVERSITY OF SIENCES Ho Chi Minh City, Vietnam
BD Information Technology, 2014. Rank: Credit, GPA: 7.0

Skills

2 years experience in Front-End web development:
- ▸ HTML, CSS: compass library, SASS.
- ▸ JavaScript: React, Redux, jQuery, HtmlJs, MVVM pattern.

8 months experience in Back-End web development:
- ▸ Language Programing: NodeJs, Golang
- ▸ No Sequel: RethinkDB, Redis, MongoDB
- ▸ Structure: MicroService, RESTful Service

1 year experience in C/C++ development:
- ▸ Build C++ library for Mac, Linux platform and Mobile (armv7, arm64) architecture.
- ▸ Skills: CMake, OpenCV, Machine Learning basic

6 months experience in iOS and Mobile architecture development:
- ▸ Language: Objective - C and Swift 3 basic.

Experience

Project	Skills Set	Role	Company
Shopping Mall Website: A website for shopping online	Using Java web servlet CSS, jQuery, HTML	Front-End Developer Designer	Global Point Viet Nam *October 2014 - August 2015*
Misfit Website System: A website for introduce new product of Misfit devices. Maintain Email sender.	Using NodeJs CSS, ReactJs, Redux, HTML	Full-Stack Developer	Misfit Wearable *December 2015 - June 2016*
Misfit Computer Vision Library (msl-framework): Building C++ computer vision library using OpenCV.	Using C/C++, OpenCV Algorithm, architectures: Darwin, Linux, arm	C++ developer and builder	Misfit Wearable *June 2016 - December 2016*
Face Detection and Face Recognition: Apply msl-framework function for iOS device to detect human face.	Using Objective-C and Swift UI front-end	C++ developer and builder	Misfit Wearable *June 2016 - December 2016*
Free time: Some pet project: TodoMVC, microservice using nodejs ReactJs and Redux combine front-end app.	Using ES2015, React Full-stack	Javascript developer	Freelancer *Now*

Objectives Career

LONG TERM GOAL: want to become a Full-stack developer.
SHORT TERM GOAL:
    Making social platfrom
    Learn everything to accumulate experience from company.
    Willing learn new thing.

Interest

Algorithm, machine learning, AI JavaScript, Web platfrom.
Mobile app (iOS).
New technology, Hackernews.

Strong and weak points:

Hard-working, active and friendly.
Swimming, meditation practice.
